## Safety

A safe community is a place that is attractive to live, work and visit. A safe community is a livable community, where people can go about their daily activities in an environment without fear, risk of harm or injury. The Sheriff's Office has 18 officers with 2 detectives who are trained professionals in keeping our community safe. There is a Drug Task Force Partnership between 5 departments. Barren County has 8 volunteer fire departments and one paid department in Glasgow with 36 firefighters. Our crime rate is 1.2x lower than the national average, making our community a safe place for all.
